## **MASSACHUSETTS INTERSCHOLASTIC SOCCER OFFICIALS ASSOCIATION**

*Established in 2001*

Purpose of this association is:

To promote, develop, and improve the game of interscholastic soccer on the state level.

To collaborate with soccer associations, coaches, officials and other organizations in all matters pertaining to the advancement of soccer.

To unite, in one organization, the representatives of local boards within the Commonwealth of Massachusetts.

To promote and maintain the highest degree of soccer officiating by following a standard set of mechanics, uniform interpretation and a consistent administration of the rules of soccer as set forth by the National Federation of State High School Associations and the M.I.A.A.

To be the representative of all local boards in Massachusetts in dealing with the M.I.A.A. on soccer.

### **M.I.S.O.A. HALL OF FAME**

To recognize former soccer officials in the State of Massachusetts who have distinguished themselves in the field of soccer officiating by virtue of their performance as an official or by meritorious effort on behalf of soccer officiating.

## **History of the PVSOA**

### **History of Western Mass Soccer**

Compiled by Bob Smith with much help from Bob McIntyre, Rip Carleton, Ted Smith, and Bill McLean. Revisions made several times.

Soccer in 1946??? An era when:

- (1) One man worked a high school varsity game.
- (2) Fees were \$5.00 for high school varsity; maybe \$7.50 or \$10 for prep schools.
- (3) When high schools or prep schools needed an official, the coach had to contact a semi-pro or ex-college player to work the game.
- (4) There were no girls' teams at any level.

As soccer at all levels began to expand after World War II, something was needed to standardize officiating and to encourage more people to take up whistle-blowing duties.

In the fall of 1946, U-Mass Soccer Coach Larry Briggs, Tech High School Soccer Coach John Kalloch, plus the two top officials of that period, Jim Downie and Bob McIntyre, began to meet occasionally at each others homes. By 1947, a formal organization was set up with these four gentlemen as charter members.

By the 1948 season, Ted Smith, Rip Carleton, Bill McLean, Ken Chapin, Bert Watling, Bart Boyden, Art Williams, and a few others joined this new organization, the PVSOA. Soccer columnist Jim Mackie was instrumental in publicizing the group, and in 1950 he was selected as the winner of the Larry Briggs Award.

When the Western Mass. High School tournament was started in 1946, there was no money for referees. Pioneer Valley officials donated their services for the tournament games and continued this policy until the late fifties when money for officials became available. Downie and McIntyre worked the first tournament final game between Tech and Hopkins Academy.

Looking at this crowd here tonight it is difficult to believe that some of the early banquets were held in a booth at the old Howard Johnson restaurant in West Springfield.

As the years passed, more schools asked Larry Briggs to assign officials, and of course he would call on the PVSOA members. With Boyden and Williams on board, Deerfield Academy hosted some meetings and at least two of the annual banquets. Other meetings were held at Holyoke YMCA, Holyoke Trade School, and Tech High School. Pre-season clinics were held at Suffield or Williston Academy.

Slowly the organization grew with Ken Chapin giving the written test in the old Springfield College library. Bruno Rumpal joined in '49, John Kurty and Dave Grieve in '52, Bob Smith in '54, Lew Howarth in '55, Stan Bernatowicz and Carl Erickson in '56, and Ben Santos in '59.

Many others were involved in those early days, but in his quiet way, Larry Briggs was the key person who held things together. Until his death Larry selected the winner and personally purchased the trophy for the prestigious Larry Briggs Award.

The game of soccer grew and expanded tremendously. The boys program split into two divisions in 1970 and into three divisions in 1986. Programs went from fielding just a varsity team to having junior varsity and even freshman teams. The girls broke ground in 1977 with a single division. As time quickly passed and the girls teams grew, they split into two divisions in 1983, and into the current three divisions in 1996. The girls programs grew quickly and also expanded, offering both junior varsity teams and in some cases, freshmen teams.

In 2013 season, the MIAA made adjustments to all schools in the state; realigning all schools from the previous three division (four in Eastern Mass) format to the four division format. This change was to have a more balanced, equal tournament where schools that are similar in student populations would be competing against each other and not against larger schools as in the past.

Along with the game of soccer, the officiating field grew also. Over the years we had many, many great officials who were locally and nationally recognized. There are terms used like "cut the corner" and "lead the play" that evolved from our area.

The PVSOA has had very dedicated people involved in the administration and as members, making sure the game is administered and played fairly and by the rules. We have also recognized several people that have been involved in the game by giving awards out in honor of these people.

*The Bruno Rumpal Sportsmanship award for a boys team began in 1971. Then, in 1979, the Bob McIntyre Sportsmanship award began for the girls team. Most valuable player awards were given in each division for the MVP of the tournament. They began with the George E. Russell Award (Boys Division 1) in 1965; John Kalloch Award (Girls Division 1) in 1977; Henry O. Holley Award (Boys Division 2) in 1972; Robert C. Smith (Girls Division 2) in 1983; Dave Grieve Award (Boys Division 3) in 1986; and Stan Bernatowicz Award (Girls Division 3) in 1996; also, the Jimmie Downie Award for the officials in 1976. In 1979, the Association began to recognize people other than student-athletes, coaches and officials. The Letters of Commendation given are to people who have contributed to the sport of soccer in their local community. Just take a few minutes and look at the past results of tournament finals and look at the past award winners and see some great names in the local game of soccer.*

*The game continues to grow and change. They now play games on different surfaces from natural grass to artificial turf; day games to night games; outdoor games to indoor games. They go from a one person system to a two person system to a three person system in officiating. As the game changes, so will the way in which it is officiated and spectated. Change is good as long as it is positive and is fun for all who are involved. After all, soccer is a game!*

*As the game continues to grow, so does the association. We have changed the criteria for our MVP awards. Players in each division, both boys and girls, will be recognized for their season accomplishments as well as any tournament accomplishments. We also recognize that in this day and age of sports, sportsmanship is very important to those who have a great deal to do with the game. We have expanded our sportsmanship awards from two (one in boys and one in girls) to six total. Each division, both boys and girls will have a sportsmanship award winner selected. We honor these people by naming the newest sportsmanship awards after them: the John Kurty Sportsmanship Award for Division 3 girls; the Carl Erickson Sportsmanship Award for Division 3 boys; the Benny Santos Sportsmanship Award for Division 2 girls; and the Bill Kolodziej Sportsmanship Award for Division 2 boys.*

*With the changes in division alignments from the three to four divisions, we have made adjustments to our awards that we hand out every year. Western and Central Mass no longer has teams that fall into division two, so we have taken the division two awards, named in honor of Henry Holley and Robert Smith, and made them the division four awards, leaving the other awards the same names for their divisions.*

*In 2008 we have revised the sportsmanship awards to reflect a broader base. The Bruno Rumpal will now represent the Boys "Large schools"; the Bob McIntyre will represent the Girls "Large schools"; the Carl Erickson will represent the Boys "Small schools"; and the John Kurty / Benny Santos award will represent the Girls "Small schools".*

*We also wish to recognize a member each year, who has contributed to the association. The Paul Bogan Service Award is named after a long time member who has contributed so much to our association.*

*We also now recognize longevity in our Association. Any member who has been an active member for 30 or more years now becomes a "Life" member and will forever have their name listed as such. Longevity in anything is such a rarity these days and should be rewarded.*

*The PVSOA has been around a long time and we have worked very hard to be the best we can be. Our members are all dedicated people who work to make sure the game of soccer is played in a safe, fair and sportsmanlike manner.*

*Revised 2013*

## SPORTSMANSHIP

*"One man practicing good sportsmanship is far better than 50 others preaching it"*

*-Knut Rockne*

"The Massachusetts high school soccer community - school administrators, coaches, players, game officials and the MIAA State Soccer Committee - has worked diligently over the past decade to improve the quality of interscholastic soccer, with a strong emphasis on sportsmanship. Through a unified effort and with a balance of educational programs and strict accountability measures, the goal has been to significantly reduce the negative behaviors exhibited by some soccer players, coaches, and spectators."

"The mission of the MIAA is to enrich the educational experience of student-athletes by providing leadership and support for the conduct of interscholastic athletics." AND ..."The MIAA is committed to encouraging and promoting the high ideals of sportsmanship, integrity and ethics at all levels of interscholastic competition," AND "The MIAA has a mission to promote a culture of fairness, respect, responsibility, and civility in sports and to foster initiatives which encourage positive attitudes and behaviors in athletes, coaches, officials, parents, and spectators of all ages in Massachusetts."

### **What Is Sportsmanship?**

- Sportsmanship is a demonstration of generosity and genuine concern for others. It is a concrete measure of the understanding and commitment to fair play, ethical behavior and integrity.
- Sportsmanship is a blending of cheers for "your team" and applause for the "opponents," observing the letter and spirit of the rules, and showing consideration for others.
- Sportsmanship is the "golden rule" of athletics - treating others as you wish to be treated.
- Sportsmanship is respect - respect for others and one's self.
- Sportsmanship is all this and much more.
- For a coach, sportsmanship might be accepting a "questionable" call without protest.
- For a student-athlete, it may be extending a helping hand to an opponent who is down.
- For a spectator, it might be cheering for his team when it loses, and applauding the opponent when it wins.
- For an official, it may be showing restraint when verbally assaulted by coaches, athletes and spectators.
- Sportsmanship encompasses all that which is good human nature.
- Sportsmanship is citizenship in action.

**The PVSOA has been promoting and recognizing sportsmanship since 1971 with the Bruno Rumpal Award and later expanding it to the other Divisions. As we continue to make significant progress in the area of sportsmanship, the coaches and parents play an important part in this progression. However, it is the student-athletes upon whom the ultimate responsibility lies and they should be recognized and praised for their continued efforts in this important aspect of our sport.**

**We have made some minor adjustments to our awards. The Bruno Rumpal is now for the Boys "Large Schools" Division; the Bob McIntyre is for the Girls "Large Schools"; the Carl Erickson is for the Boys "Small Schools"; and the John Kurty/Benny Santos is for the Girls "Small Schools" Divisions.**

## **MOST VALUABLE PLAYER**

In sports, a “Most Valuable Player (MVP)” award is an honor typically bestowed upon the best performing player or players on a specific team, in an entire League, or for a particular contest or series of contest. Initially used in professional sports, the term is now also commonly used in amateur sports, as well as in other completely unrelated fields of endeavor such as business and music awards.

The term “Most Valuable Player” is most often used in the United States. In many sports, some MVP awards are presented just for a specific game or match, while others are awarded based on an entire season or year.

The PVSOA began recognizing players back in 1965 with the first award named after George E. Russell. It has since expanded to the other five named hereafter. Take a look at each award and see how many names of past recipients you recognize. The Pioneer Valley area can be very proud of these recognized athletes and the many more not named here. Their selection is based on the entire season, which includes any tournament games they participate in.
